- 1 The total number of sections of the school shall be restricted to 23. Any further increase shall require prior approval of the Board, subject to compliance with affiliation bye laws and availability of rooms of 500 sq. ft. dimension.
- 2 The school has created bigger toilets for CWSN but the entrance to washrooms is narrow as seen in video. The arms have to be folded on sides for a wheelchair to enter, which is not practical. The same must be expanded to facilitate entry for self navigation by CWSN. A moveable support frame has been placed over the WC, which is not safe for students and is not as per norms. The support handle is incorrectly affixed on the wall. The school does not seem to have consulted the CBSE guidelines before modifying the toilets. The school shall construct separate toilets for CWSN, boys and girls on every floor with proper permanent signage, strictly as per norms of RPWD Act and guidelines issued by the Board and remove the deficiencies mentioned within 3 months and submit compliance on SARAS.
- 3 The Maths lab was not properly shown in the videography. The school is required to set up the Maths lab as per SOPs issued by the board vide circular no. 11 dated 04.10.2022 and submit the compliance through a videography within 3 months on SARAS portal.
- 4 The optimum number of students shall be 40 in each sections as per the Affiliation bye laws. Therefore, the school is required to restrict the enrolment accordingly and submit the compliance on the SARAS portal within three months.
- 5 The composite science lab is not properly laid out. equipment is placed on small tables joined together. There are no work stations for students with proper utilities. adequate safety measures like exhaust fans and fire extinguishers are not seen. Gas cylinder is seen placed in open under a table and curtains are seen in the lab all of which are unsafe for students working in the lab. The school shall upgrade the lab as per SOP issued by the Board within 3 months and submit compliance on SARAS.
- 6 It is reiterated that the lift is too narrow for a wheelchair to enter as seen in the video, where the person in the wheelchair has to fold the arms inside while another person pushes it inside. This is not practical. Since the school has a large campus, it is advised to construct a ramp for CWSN to access the upper floors as per guidelines issued by the Board, and submit compliance on SARAS.
- 7 The school shall ensure the training of its teachers with CoE Bengaluru within 3 months and submit the compliance.

Compliance of the above mentioned points shall be submitted within 03 months on the SARAS Portal. Failure to comply within the prescribed time shall invite financial penalty @ Rs. 50,000/- every month until compliance is submitted and shall debar the school from filling the registration and LOC of students class IX to class XII, as the case may be.

The approval of the Board as mentioned above, is subject to the following conditions:-
